

This document covers the general terms of Stage5 Cycling Elite Team membership for the 2010 cycling season.

The team manager will help coordinate your racing efforts by working with you to establish your local and regional race schedule. Having a pre-determined schedule of races helps the team to concentrate riders at the same events thereby providing team racing experience as well as more exposure of our sponsor's logos and branding. Team riders agree to represent the team a minimum of 15 race days at events that will be on your local and regional 2010 Official Race Schedule. Each day of a stage race or each day spent working a sponsor obligation will count towards the race day quota. You will have input as to which races are included on you race list.

There is a **\$50** membership fee to join the Stage5 Cycling Team. With all of the discounts and free coaching benefits, your membership fee will be well worth the cost. The membership fee is to be returned to the team manager along with your Rider Agreement/Waiver paperwork or you can pay online at www.stage5cycling.com/team. Team members are required to purchase at least one team kit consisting of a short sleeve jersey and one pair of shorts that will be offered at a 25% discount. One pair of team socks will be provided. The expectation is that team members will wear the team kit at all cycling events as well as all group rides. Riders will also wear full team kit on all podium appearances.

Each elite team member will be provided with an athlete assessment and annual training / racing schedule overview. Additional coaching, testing and biomechanics (bike fitting) services will be available to all riders for a 25% discount.

All elite team members will have access to additional equipment sponsors deals and offerings. Please visit the website for an updated sponsor list and benefits. Subsidies shall vary from sponsor to sponsor but all shall constitute substantial discounts from retail pricing. The longevity of the team is dependent upon good sponsor relationships therefore the expectation is riders will wear and ride (if applicable) only sponsor equipment.

Riders will be proud to represent Stage5 Cycling and will positively promote Stage5 coaching services. In recognition of such positive promotion riders may be entitled to a 10% referral fee if successfully referring new clients to Stage5 Cycling.

All team members are expected to supply a professional quality portrait in plain black crew neck top or Stage5 Cycling team jersey with white background in a digital format. This will be used on the website and other print forms. A rider bio of 300 words is also expected along with career highlights if applicable. A team photo will be taken when all riders have received their kits.

Riders race at their own risk.

The contract period is from the date of signing though November 1, 2010. By signing below, you are acknowledging what is being offered to you and what is expected from you as a team member.
